Instructor

Paul Torsitano will be the instructor for this program. Paul is a full time paramedic, field training officer, marine medic, is president of his own consulting company, Save A Life Inc, is a certified trainer in First Aid/CPR, Wilderness Survival, Swift Water Rescue, High Angle Rescue, and brings over twenty years of experience in the first aid wilderness survival field.

A two-day 10 hour program that will impart participants with the most current training in Canadian Red Cross Emergency First Aid and Wilderness Survival training that will provide the skills necessary to deal effectively with attending to injuries and how to survive while working in an outdoor setting.

The program will include classroom instruction as well as hands-on practical application of skills in an outdoor setting. Participants should be prepared to bring appropriate clothing for working out of doors.
