

From TCTO e-mail:

Trans Canada Trail Ontario is announcing the release of our new website (www.tctontario.ca). This website is to assist trail builders and trail organizations with required resources for success. This site provides resources for trail organization's staff, boards of directors, a blog to connect trail groups together, a searchable library and maps of the Trans Canada Trail in Ontario.

We will continue to add resources to this site as we work with Regional Trail Committees across this province. The goal is to provide a place for the Trails Community to come together to ask others how they solved issues, network, share resources and ultimately complete the Trans Canada Trail in Ontario.

Please visit the website and we would love to hear from you if you have any resources to share, would like a blog log-in or have any suggestions about how we can further assist your organization. We would be happy to help .
